

8th INTERNATIONAL SYMPOSIUM AND EXHIBITION ON ELECTROMAGNETIC COMPATIBILITY AND ELECTROMAGNETIC ECOLOGY

*Saint-Petersburg, Russia
16-19 June, 2009*

Since 1993 Saint Petersburg State Electrotechnical University «LETI» has held the International Symposium on Electromagnetic Compatibility (EMC) and Electromagnetic Ecology (EME) under the auspices of a number of departments and organizations once in two years.

The next 8th Symposium will be held on 16 - 19 June, 2009 at State Electrotechnical University «LETI».

The Symposium will be held under technical co-sponsorship of the International Institute IEEE and IEEE society - Electromagnetic Compatibility Society (EMC-S). It is planned to publish Russian and English versions of the Proceedings distributed by IEEE in accordance with the Book Broker program.

The Symposium is widely known and traditionally gathers a big number of the leading home and foreign specialists, as well as representatives of a number of firms working in the following main directions:

1. *Theoretical problems of EMC&EME*
2. *EMC of radio-electronic equipment*
3. *Spectrum management and monitoring*
4. *EMC in electrical engineering and power systems*
5. *EMC and EME specifically for mobile objects (vessels, airplanes, railway transport and others)*
6. *Research of natural electromagnetic radiations*
7. *Equipment design with regard to EMC&EME, technology, materials and components*
8. *Electromagnetic monitoring, measurement, certification and test equipment*
9. *EME problems: influence of electromagnetic radiation on biological objects, allowable norms of radiation and ecological protection*
10. *EMC&EME education*

Symposium organizers:

- Saint Petersburg State Electrotechnical University "LETI"
- Saint Petersburg Scientific and Technical Society of Radio Engineering, Electronics and Communication named after A. S. Popov
- Radio Frequency Center of the North-Western Federal Area
- «Discone - Centre» Ltd.
